

**Family Educational Series:
Planning for the Future of Children With Developmental Disabilities**

Learn about putting together a system that will ensure quality care and support for your special needs child to the end of her or his life. Trusts? Guardians? Medicaid? Quality of life? Learn what you need to know in this series of lunchtime webinars—online presentations and live Q&A sessions with an attorney to help you figure it all out. As a new member of the Hampshire Valley, attorney Pamela Parker will be providing the following educational seminars free of charge to the local community. They are geared toward helping parents of children with developmental disabilities learn and navigate current and future needs. As a parent of three children with disabilities, Parker is committed to helping families of all backgrounds plan for their children's future needs.
